Upon leaving Park Street Patio/Salon we arrived at the house of Ezekiel at roughly 2:30 am. to see Tiffany waiting for us uninvited. We had drove in 3 separate cars, Not counting Tiffany's car. Tiffany was parked in the far left spot, Ezekiel's car parked on the far right spot. My car backed into the middle spot. Before I could even finish parking Tiffany who was visibly angry approached the car that Ezekiel was in. Tiffany then started to verbally threaten the driver as well as say to Ezekiel "I'm calling the cops to ruin your career, your career is done" At this point bystanders attempted to calm her down and purposely made sure to stay between Tiffany & Ezekiel. I was inbetween the two parties of Tiffany and Ezekiel - as he walked into the house to ensure that nothing happened as far as contact since she had already said she was calling the cops

At this point Ezekiel was in the house and a couple of us as his friends blocked the door to make sure that Tiffany could not enter. At this point she called the police. Tiffany had been in a fight earlier in the night that had been broken up by Park Street Sabon Security with another female party that I did not know.
